ELEVATE YOUR GAME

Playa Grande Golf and Ocean Club offers one of the Caribbean's most spectacular golf experiences on a challenging yet incredibly playable 18-hole course. Originally designed in 1995 by Robert Trent Jones Sr., the course was recently refreshed by his son Rees Jones and boasts 10 cliffside holes on the ocean – more than any course in the Western Hemisphere. Join a fun tournament or play barefoot with the kids. Dine on local barbecue at Las Brasas or one of Discovery's signature comfort stations during a break in your round and refresh and return to the game whenever you're ready.
